Circle the core.
Predict the term.
Check.

There are more △ in the core than △.
I predict: The 12th term is △.
I check: The 12th term is △. My prediction was wrong.

There are more □ in the core than □.
I predict: The 12th term is □.
I check: The 12th term is □. My prediction was ________.

There are more ○ in the core than ○.
I predict: The 15th term is ○.
I check: The 15th term is ○. My prediction was ________.

Predict the 15th term of the pattern. Explain how you know.
