6. Write the total number of tens or ones.
   a) 4 hundreds + 2 tens = 42 tens  
   b) 2 hundreds + 7 tens = ______ tens  
   c) 5 tens + 7 ones = ______ ones  
   d) 3 hundreds + 0 tens = ______ tens  
   e) 1 hundred + 1 ten = ______ tens  
   f) 6 tens + 0 ones = ______ ones

7. Regroup. Then fill in the blank.
   a) 3 tens + 12 ones = 4 tens + ____ ones  
   b) 5 hundreds + 14 tens = 6 hundreds + _____ tens  
   c) 5 tens + 14 ones = _____ tens + 4 ones  
   d) 3 hundreds + 11 tens = 4 hundreds + _____ ten  
   e) 4 tens + _____ ones = 5 tens + 3 ones  
   f) _____ hundred + 18 tens = 2 hundreds + 8 tens  
   g) _____ tens + 17 ones = 4 tens + 7 ones  
   h) 7 hundreds + 19 tens = ______ hundreds + 9 tens

8. Regroup. Then fill in the blank.
   a) 3 hundreds + 5 tens + 14 ones = 3 hundreds + _____ tens + 4 ones  
   b) 4 hundreds + 16 tens + 7 ones = _____ hundreds + 6 tens + 7 ones  
   c) 1 hundred + 13 tens + 4 ones = _____ hundreds + 3 tens + 4 ones  
   d) 5 hundreds + 2 tens + 19 ones = 5 hundreds + _____ tens + 9 ones  
   e) 2 hundreds + 3 tens + 15 ones = _____ hundreds + 4 tens + 5 ones  
   f) 7 hundreds + 8 tens + 13 ones = 7 hundreds + 9 tens + _____ ones

Draw base ten models to show the regrouping of ones, tens, and hundreds in Question 8.a).
